LOUVOLITE

SHOW YOUR TRUE COLOURS

THE PANEL BLIND COLLECTION

Panel blinds are an ideal choice for those who want to make an impact and add something a little different to their interior design scheme. With their flexible nature, not only do they make a sleek window decoration for larger windows, bi-fold or patio doors but they are a fantastic choice for room dividers.

Lush LIVING

LET'S CREATE

your space

Transform your space for modern living with chic and contemporary panel blinds.

A versatile and contemporary way to control light, glare, view and privacy, panel blinds provide an innovative shading solution for larger windows and patio doors.

When open, the panels stack neatly behind one another allowing maximum light to enter the room. Sliding the panels into the closed position creates a unique fabric screen that provides light control and privacy.

Our UK manufactured panel blinds also make stunning room dividers that can be used to great effect in creating new living spaces within a modern home.

Panel blinds are designed not only to be long lasting and look beautiful, but to be energy efficient, reducing solar gain during the summer months and help insulate your home through the winter.

PICTURE PERFECT

it's good to be home

The versatility of panel blinds creates a fantastic option when considering new blinds for your home. Whether it be a plain, pattern, print or textured fabric, with such a multitude of styles you really will be spoilt for choice.

You can also choose either a side or split draw panel blind to perfectly suit your window's requirements, mix and match fabric colours and textures to create an eye catching statement in your home, whatever you require we've got it covered.

All our blinds are of course child safe and the panel blind is another example of this, we recommend the wand control giving you complete piece of mind in a chic, efficient and sophisticated way.

Many of our fabrics ranges are also available as roller, roman and vertical blinds to give you perfect coordination throughout your home.

So be inspired and create your transformation today.

DO YOU OR ANY OF YOUR
LOVED ONES SUFFER
FROM HAYFEVER?

poller'gen™
CAN HELP

Louvolite has created a unique fabric treatment which will help relieve hayfever symptoms, it's called Pollergen™.

HOW DOES POLLERGEN™ WORK?

Pollen, by its very nature is tacky and will stick to any surface it comes into contact with. Pollergen™ helps to increase this capture rate by the inclusion of a tackifier within the formula.

Once captured, the unique Pollergen™ formulation will denature up to 50% of the grass pollen - essentially it kills the active element rendering the affected pollen absolutely harmless to sufferers.

All Pollergen™ treated fabrics can be washed or wiped down as the active formulation continuously migrates to the surface of the fabric for continued protection.

So when selecting your new panel blinds,
make Pollergen™ your fabric choice.

PERSONALISE your blind

Whether your choice be window blinds or room dividers you can personalise them with our accessories, eyelets, braids, or even fabric colour mixes.

You can create a real statement by combining patterned and plain, or different coloured fabrics to achieve an eye-catching block effect.

Panel blinds also offer flexibility as they can be created as split or side draw so that they work perfectly for your home.

The choice is yours so why not add a little personality.
